We are happy to discreetly manage guests' accommodation payments in order  
that they be subtracted from your final balance.

For example, 30 bedrooms at £300 per night represents  
a £27,000 contribution to your final fee.

Our list of meticulously assembled wedding packages cover the essentials necessary for a splendid Wilderness wedding. Though, you may wish to choose one or two optional extras.

### ACTIVITIES

Our newly minted offering of activities and country pursuits spans traditional English lawn games to laser clay-pigeon shooting, via family-friendly axe throwing. For something more relaxed you may enjoy our sundowner bonfire experience.

### FOOD & DRINK

The wedding breakfast is sorted, but what about the other meals? Our Estate Kitchen delivers a range of remarkable food & drink options, from luxury hampers to fire feasts in the woods. And then how about a bloody Mary station by the pool?

### PAMPERING

Our favourite hair and make-up artist is a regular on the international fashion-show circuit, but manages to find time to work with brides at Wilderness Reserve. Do ask about our in-property spa treatments too.

### A CLASSIC CAR

You're already set to arrive at the ceremony in a chauffeur-driven classic car, but how about the way back with your brand new life partner? Our open-top classic Morgan, in British racing green, makes for a charming post-confetti departure.
