Our list of meticulously assembled wedding packages cover the essentials necessary for a splendid Wilderness wedding. Though, you may wish to choose one or two optional extras.

ACTIVITIES

Our newly minted offering of activities and country pursuits spans traditional English lawn games to laser clay-pigeon shooting, via family-friendly axe throwing. For something more relaxed you may enjoy our sundowner bonfire experience.

FOOD & DRINK

The wedding breakfast is sorted, but what about the other meals? Our Estate Kitchen delivers a range of remarkable food & drink options, from luxury hampers to fire feasts in the woods. And then how about a bloody Mary station by the pool?

PAMPERING

Our favourite hair and make-up artist is a regular on the international fashion-show circuit, but manages to find time to work with brides at Wilderness Reserve. Do ask about our in-property spa treatments too.

A CLASSIC CAR

You're already set to arrive at the ceremony in a chauffeur-driven classic car, but how about the way back with your brand new life partner? Our open-top classic Morgan, in British racing green, makes for a charming post-confetti departure.
